Dear Martin,

Thank you for your kind invitation to me to become a Patron of Magna Children at Risk. Having heard about the wonderful work you do, helping children in Cambodia and other countries, I would be glad and honoured to be a Patron.

Though I will not be able to help physically due to my age, I hope there will be ways I or my family can be helpful. I will be interested to hear about your projects and hope your work continues successfully for many years.

With best wishes to you and all your staff and volunteers,

Nicholas Winton
